Served as coffee, the new coffee substitute known to grocers everywhere as Dr. Shoop's Health Coffee, will trick even a coffee expert. Not a grain of real coffee in it either. Pure healthful toasted grains, malt, nuts, etc. have been so cleverly blended as to give a wonderfully satisfying coffee taste and flavor. And it is "made in a minute," too. How One Doctor Successfully Treats Pneumonia

"In treating pneumonia," says Dr. W. J. Smith, of Sanders, Ala., the only remedy I use for the lungs is Chamberlain's Cough Remedy. While, of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." Express Company Licensed

Jefferson City, Mo., Nov. 30.—The American Express Company today, through its general agent in Missouri, F. D. Adams, of St. Louis, filed application with the Secretary of State for a license to do business in this State and it was granted. The company protested against the ruling of the Secretary that it must either procure a license or cease to do business in Missouri, alleging that it is not a corporation but a joint stock company.

The Secretary would not yield, however, as the company is doing an express business in this State that amounted the last year to \$234,945. Its headquarters are on Broadway, New York City and the value of the shares in the company now aggregate \$18,000,000.

The American was the last of the express companies doing business to yield and pay a license.
